VARIABLES

```

nega      Negative affect
posi      Positive affect
rain_abs  Absolute Precipitation
rain_rel  Relative Precipitation
subjective Subjective Weather
sun       Objective Weather
vote_choice Selected Choice by subject
    
```

TABLES*

```

aaa_nega_affect  Results for negative affect
aaa_posi_affect  Results for positive affect
    
```

*See Table 5 in main text for a description of the tables' content.
